## TRIBUNE BACKS ITS SUPERVISOR

Teachers Are Paid According Secret Schedule and Many Are Said to Be Underpaid

THE Hilo Tribune of the 14th, publishes some very interesting facts on Pope's Secret Salary Schedule, showing that veteran teachers are being paid below official rates, while imported malihini's are paid above.

It also publishes Pope's secret salary list and schedule of "teachers' salaries," as it appears in the rules and regulations of the department of Public Instruction, drawing a comparison of these two documents, showing the salaries which should be paid, and the salaries which are actually paid, giving this condition as cause for Pope's unprecedented desire for secrecy.

This comparison shows that old teachers who have been in the service of the department for years, some of them for over a decade, some of them holding responsible positions, are being paid below schedule. It also shows that other teachers who have just entered the service of the department, are being paid larger salaries than those to which they are entitled according to the schedule. And these are, says the Tribune, in almost every case, the imported malihini's with whom Pope is trying to supplant the veterans in the service.

thereby depriving the old employees of the department of the chances of promotion to which their service should entitle them.

These are violations of the rules of the department which may account for Pope's wanting to keep things dark.
